Hodag Sighting Case # 47

My buddy and I just got back from fishing Lake Thompson. We were busy frying up two nice filets. I went to get myself a beverage, and when I got back, there was only one filet left in the pan!
I think it was a Hodag.

Rhineland's Northwood Golf Club opened in May of 1989 and instantly became a destination golf course, even while being 3 hours north of Wisconsin's major cities.

"If Northwood was closer to the center of the state, it would receive even more play than it already does. And if it were in a metropolitan area, it would either be private or so popular you wouldn't be able to get on it."

Hodag Country History & the Logging Museum Complex

Downtown Rhinelander sits on the site of the former Pelican Rapids Settlement, built in 1881. By 1892, the new community boasted the headquarters for 40 different logging camps. Eight sawmills lined the shores of Boom Lake. Later, in the early 1900s, the paper mills became the main industry in the Rhinelander area.

History buffs will enjoy Rhinelander's self-guided historic walking tours, featuring historic buildings such as the remarkable Oneida County Courthouse. Walking tour maps are available at the Visitor Center.

Visitors can also learn more about Hodag Country history at the Rhinelander Logging Museum Complex, the Boat Museum and the Historical Society Museum. Located in Pioneer Park, on Business Hwy 8 (Oneida Avenue), these museums offer an intriguing glimpse into the exciting history of the Northwoods.
